Editing:

MRG can provide you with a rough edit VHS copy of your transfer order in order for you to make edit decisions. Editing of your movie transfer order, with you in our offices, will be billed at a rate of \$50.00 per hour with a two (2) hour minimum charge. *Remember, the more prepared you are when you walk into our office, the less it will cost you. If you make detailed notes, and can communicate those notes with our staff, it will take far less time. So if you are prepared, you're rewarding yourself!*

Photos and Slides to Video

PREMIUM PHOTO TRANSFER:

With MRG's Premium Photo Transfer service, your photographs come to life! We tastefully add subtle movement (pans, zooms, rotations, etc.) to 75-80% of the photos you provide making your photos seem as they are coming to life. All motion is slow and adds enhancement to the photos—we don't just add motion to show off our effects!

Premium Photo Montages come on your choice of DVD or VHS.

1-50 Photos Transferred:	\$125.00
Each Additional Photo Transferred:	\$2.00 Each

Standard Photo Transfer:

If you're looking for a no-frills photo to video service, MRG's Standard Photo Transfer is just the service for you. We'll add your photos to the music you provide to create a one-of-a-kind memory you and your family will play and enjoy for years!

VHS is standard for this service. If you'd like it on DVD, add \$10.00 to the total order cost.

1-50 Photos Transferred:	\$75.00
Each Additional Photo Transferred:	\$1.00 Each

SLIDES TO VIDEO TRANSFER

If that box of slides in your closet needs transferred, let MRG make those old memories new again! We'll transfer each of your slides to video and hold each slide on the screen for 5-8 seconds each. We can even add your own music in the background! Each slide is digitally **SCANNED** (not shot from a screen) and transferred in their digital format to our edit systems. Within our edit systems, we add transitions between each slide and, if necessary, we even correct the color of the slide. This is a **CUSTOM SERVICE**, so it will cost more than the discount retailers, but you won't get a product that is shot from a slide projector on a screen either! We'll even remove and replace each slide by hand from your trays if necessary. Slide Transfer is delivered on your choice of VHS or DVD.

1-100 slides transferred:	\$125.00
Each Additional Slide:	\$0.95 each

If your closet is FULL of SLIDES, don't let the price scare you. Call us for a custom quotation!
